

**BASIC INFORMATION:** Pieve di Caminino is a large private fenced property. Access is granted just to guests with a reservation. The keychain of every suite has a remote control to open the car entrance (first button). The gate will then close automatically. You will find also a *passé partout* key which opens all secondary gates around the fence. All the land you may see around is Pieve di Caminino property, so you are welcome to walk and explore it (forest, vineyard, olive grove). The gate you will find south of the pool can be opened with the same button on the remote central that you will use for the main gate. We welcome guests for more information every day from 9.30am to 12.00pm and from 3.00pm to 6.30pm, by our office (the door at the left of the welcome hall). On other times, if urgent, you can contact **+39 393 3356605**.

**MAPS** The smaller map *wine, food and atmosphere* shows Pieve di Caminino in the middle of its district, together with a list of recommended restaurants, wineries and groceries. You can reach all the shown places within a driving range of 5-20 minutes.

**Restaurants** We have tried to build a list for selected places, both with our experience and our guests' feedbacks. The list can be updated every season, so please be sure to have last edition. Below every restaurant number you will find the number to book a table (necessary on most busy evenings). Our choice's criteria are quality of original local food, value for money and atmosphere. Some restaurants are more informal every day places, some others are more romantic anniversary places, but all of them are very friendly and not too sophisticated. Please let us know your own comments about these selection. Important: do not ask for the

menu, but take what's special there. The first place to go for a meal can be **IL CORSO**, 6km north of us, in **Roccatederighi**. The street is the one connecting the new settlement of the town, where you will park your car, and the historic fortress, pedestrian area. Simple country genuine food, served by Vincenzo & Alma. Fresh home made pasta (*tortelli, lasagne*), wild boar (*cinghiale*), vegetables from their own garden. After dinner have walk in the small historic part, not hit by mass tourism, very original in its atmosphere. Bring a sweater also in summer, it may be windy. The paradise for a dinner out is **Massa Marittima**, the antique capital of Maremma. This place worths more than a quick visit. You can spend the whole afternoon there and then stay for dinner. Lot of choice, from pizza to steaks to typical local food. In **IL BACCHINO** shop you can find the selection of best wines, cheeses and cold cuts, you can have taste them there or bring back to your suite. The restaurant who got the highest feedback from all our guests is **LOCANDA NEL CASSERO**, in Civitella. The towns worths a quick walk around the historic part, while the locanda offer really the best at a very reasonable price, in summer on the terrace and in winter in front of the fireplace. The locanda may be closed on Tuesdays. Perfect to stop on the way back from **SIENA**. In summer, if you like to match pizza with a great atmosphere, best place is **IL FRANTOIO** at **Sticciano**, a very small antique castle-town where the director of Uffizi museum has her summer house.

**Grocery shopping:** When you like to enjoy the space of your suite with a meal, best place to find all what you need is Ribolla: absolutely NOT an interesting town (it is just a brand new settlement) its COOP supermarket offers both what a green open market and a commercial grocery can offer. It is normally open Monday to Saturday 8-8.30am to 1.00pm and then 4.00pm - 7.30-8pm (it changes on the seasons, closed on Sundays). In case you would like a light, delicious meal by your suite on Sunday (ham, truffle mozzarella, organic wine, and so on), in front of the coop there is an excellent small *delicatessen* shop open on Sunday morning,  
**Maremma Wine & Food.**

**Wine, wineries, extra virgin olive oil :** We are glad to offer you a wine tasting by **Morisfarms**, near Massa Marittima, a famous traditional local winery; this should be booked in advance (Monday to Friday). About extra virgin olive oil, monks where doing it in **Caminino** thousand years ago, and the Marrucchi Locatelli family took their heritage in 1872: just ask!

On the back of the *wine, food and atmosphere* map you will find a larger view map which shows the position of **Caminino in South Tuscany**, in order to plan and organize your tours.
